CS261 Group Software Development Project
Assessment of Team Member Contributions

Student Name:.........................Yanlin Yu..

Group Number:........................Group 24...

Student ID:..............................2140365...

Please rate every member of your team for their contribution to the project (including yourself) during the period from the start of the project up to and including the authoring of the final report. Give brief comments to justify your rating.

Use the following rating scale, where the sum of the ratings of all team members should be exactly 0.
.
Fractional ratings are permitted provided that they sum to 0.

+2   Outstanding contribution to the team.
+1 Significantly better than average contribution: the team member has done much more than could reasonably be expected as well as working effectively and cooperatively within the team.
0 Average contribution: use this when the team member has worked effectively and cooperatively within the team.
-1   The team member has done significantly less than could reasonably be expected.
-2   Very weak contribution: much of what could reasonably be expected of this team member was not delivered

Name	Rating	Comments
Jordan Beale	1	More editing on report, and host meeting
Musab Guma'A	0	Finish assigned job on time, and gives idea
Krishi Mistry	0	Finish assigned job on time, and gives idea
Yanlin Yu	0	Finish assigned job and

Joban Khuman	0	Finish assigned job on time, and gives idea
Denys Nunez	-1	Miss 1meeting and gives fewer idea, do fewer work

Please note that these ratings must add up to zero.
